

GRUPPO ARKITEKTO COMPANY INCORPORATED

ISSUE NO. 20
VOLUME NO. 20

is now

ISO 9001:2008 CERTIFIED

Gruppo Arkitekto Company Incorporated is proud to announce that the company is now ISO 9001:2008 certified, after having passed the stage 1 and stage 2 audit by SGS with its certifying body UKAS Management System.

As part of its continuing vision to attain continual improvement, Gruppo Arkitekto Company Incorporated has successfully passed the certification audit last October 22, 2012. It is with great pride that the company was able to accomplish its Quality Management System. With the combined efforts from different areas of management and personnel, the company was able to acquire its ISO 9001:2008 certification.

The International quality certification 9001:2008 is an essential step to continually improve the company's effectiveness in delivering quality projects to its clients, promote and provide customer satisfaction and efficient services in accordance with the requirements of ISO 9001:2008.

This certification adds value to the organization's internal and external levels in terms of service provision and resource management, as well as continual improvement of its business processes.

Having been duly certified as ISO 9001:2008, the direction of the company is to attain all level of customer satisfaction and continual business improvement.

More success to Gruppo Arkitekto Co., Inc.!
