## GRUPPO ARKITEKTO COMPANY TEAM BUILDING

Last March 01-02 2014 Gruppo Arkitecto Company Incorporated celebrated their annual Team Building at Vista Venice Morong, Bataan together with Arch. Donato B. Magcale and Ms. Irene Magcale. Our Team Facilitator for this event was Mr. Ian Salaysay. He gave different exciting itineraries that measured the team as one through the following activities: Trust the Shepherd, Zip line, Wall Climbing and Military Obstacles.

Our first day was a blast of thrilling team work activities that challenged everyone to push to their limits. And because of this we learned to appreciate more ourselves, workmates and our strengths. After a tiring fruitful day we gathered on our dinner table with lots of stories to tell and made every experience a memorable one.

Our next destination was Mount Samat, wherein we remembered our History and experienced seeing the beautiful view of Bataan.

This year we will form stronger relationship, better communication and trust amongst ourselves that will help lead to our success.
